BOOK LOVERS

for those who love to learn

TOP GUN STORY

This hot off the press work by Dan Pedersen tells the story of the US Navy's top Flight School, created to help combat the Vietnam War and how it transformed the way fighter pilots train today. Follow Pedersen as he relives the dog fighting days of the F-4 Phantoms through the emergence of the F-14 Tomcat and how Fightertown made its way into the hearts of Americans through Hollywood with Top Gun. Available online 10/1/19

Hardcover 286 pages ISBN 9780316416269

\$28.00

HIDDEN FIGURES

Three brilliant African-American women at NASA -- Katherine Johnson, Dorothy Vaughan, and Mary Jackson serve as the brains behind one of the greatest operations in history: the launch of astronaut John Glenn, into orbit, a stunning achievement that restored the nation's confidence, turned around the Space Race and galvanized the world. Available online 10/1/19

Paperback 328 pages ISBN 9780062677280

\$16.99

AMERICAN MOONSHOT

Douglas Brinkley brings together the extraordinary political, cultural, and scientific factors that fueled the birth and development of NASA and the Mercury, Gemini and Apollo projects, which shot the United States to victory in the space race against the Soviet Union at the height of the Cold War. Available online 10/1/19

Hardcover 545 pages ISBN 9780062655066

\$16.99
